This Handbook brought out by the Dr.Somervell Memorial C.S.I. Medical College, Karakonam is intended to provide all the required information to the students seeking admission to the various courses in the Medical College. Dr .Somervell Memorial C.S.I. Medical College, the only Medical College for 50 million people of the 24 Dioceses of the Church of South India spread all over the five southern states and Sri- Lanka, belongs to the South Kerala Medical Mission, one of the several departments of the South Kerala Diocese of the Church of the South India (CSI). The most important purpose behind the establishment of this college is to further the healing ministry of our church commenced by the missionaries more than a century ago and continued by those who served the Medical Mission so far, sacrificing all their personal comforts. They are our role models and inspiration that led us to embark upon the enormous venture of establishing a medical college. Our endeavor will always be to produce from this college morally upright, intellectually equipped and spiritually committed candidates willing to serve humanity at large with a missionary zeal. We will do everything possible, curricular as well as extracurricular, to achieve this noble goal. Many have tirelessly labored for the establishment of this college. It is my fervent prayer that all those who choose this institution for their professional study be blessed by God Almighty so that they become a great blessing to humanity.

II. HISTORY OF THE MEDICAL COLLEGE HOSPITAL INBRIEF:

The multi-specialty Hospital at Karakonam, as we see it today, has grown out of a very small dispensary established in 1894 as a community medical sub centre of the famous Neyyoor Hospital founded by Dr. Arthur Fells, a missionary doctor of Neyyoor sent by the London Missionary Society (LMS). After India became independent and the foreign missionaries left, the Neyyoor Medical Mission was managed by the erstwhile South Travancore Medical Mission of the South India United Church (SIUC). In 1947, SIUC became part of the CSI. The hospital at Karakonam, which came under the Kanyakumari diocese, was later taken over by the Medical Mission of the South Kerala Diocese in the year 1975.
